After a couple weeks, I have been making progress with getting it ready for production, mainly on my own time. The project is in a very early stage with several different goals it is attempting to fulfill. As of now, my goal is to bring the game to a usable stage where it can be implemented as an open source game. I feel that this goal is achievable considering that it is still early to do much.

Republican leadership right now, much of the conversation is how they deal with that fact, how they deal with a world in which Donald Trump lost. It's probably no surprise that they are reluctant to go out of their way to distance themselves from the billionaire real estate mogul and his message of hate and division. But some Republicans don't like it..
